

## Absentee Ballots

- ✓ An absentee ballot allows you to vote without going to your polling place. No reason is needed to use an absentee ballot
- ✓ Request an absentee ballot from your county Supervisor of Elections listed in your phone book under County Government or online at: <http://election.dos.state.fl.us>. The request may be made by phone, mail or in person.
- ✓ You may make a single request to receive absentee ballots for all elections during the calendar year; you must make a new request each year
- ✓ The Supervisor of Elections must have your correct mailing address; the post office will not forward absentee ballots
- ✓ You may authorize a member of your immediate family or legal guardian to request a ballot for you
- ✓ The Supervisor of Elections must receive a request for an absentee ballot *to be mailed to the voter* no later than 5:00 PM on the sixth day before the election
- ✓ Completed absentee ballots must be returned to the Supervisor of Elections by 7:00 PM on Election Day.

## Make your Absentee Ballot Count

- ✓ Follow the instructions included with the absentee ballot; failure to follow these instructions could result in your vote not counting
  - ✓ Provide complete and accurate responses to all required information
  - ✓ Vote for only one candidate or issue when so instructed; if you vote for more than one, your vote for that race will not count
- Completely and accurately fill out the Voter's Certificate and sign your name in the space provided. Your vote will not count if you do not sign your name
- ✓ Make sure there is sufficient postage if you return your ballot by mail
  - ✓ Be wary of strangers offering to deliver your ballot
  - ✓ If you change your mind before voting your absentee ballot, you may still vote at the polls; take your absentee ballot with you. If you have thrown it away or lost it, go to the polls and explain it to the poll worker.
